Impact Report of English Conversation Club-2

About English Conversation Club- 2

Loi Aint's English Conversation Club is designed to prepare participants to enhance their English-speaking skills in a supportive and interactive environment. This program focuses on the practical usage of English in daily conversations, improving fluency, expanding vocabulary, and building confidence in speaking English.

Program Goals

- To improve participants' English speaking and listening skills.
- To enhance vocabulary and pronunciation.
- To build confidence in engaging in conversations in English.
- To foster a supportive community of English learners.
- To provide practical speaking opportunities through various activities.

Program Duration and Speaker's Schedules

Program Duration

The English Conversation Club would run from January 18th, 2025 to April 5th, 2025, with structured activities to maximize the learning experience. The sessions ran every Saturday from 7:45 pm to 9:45 pm.

Collaborative Groups

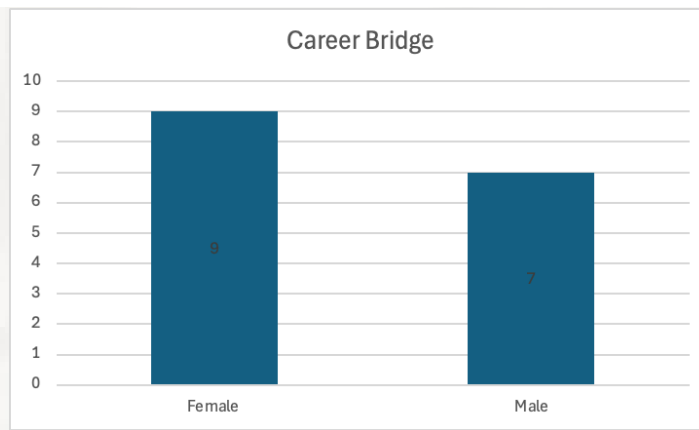

Kay Phoe Du Learning Center

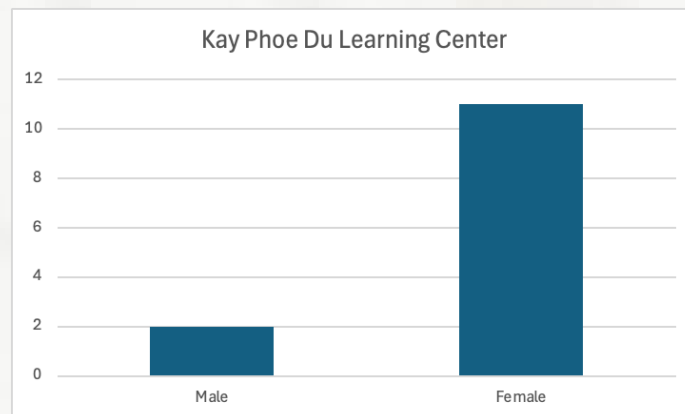

Career Bridge

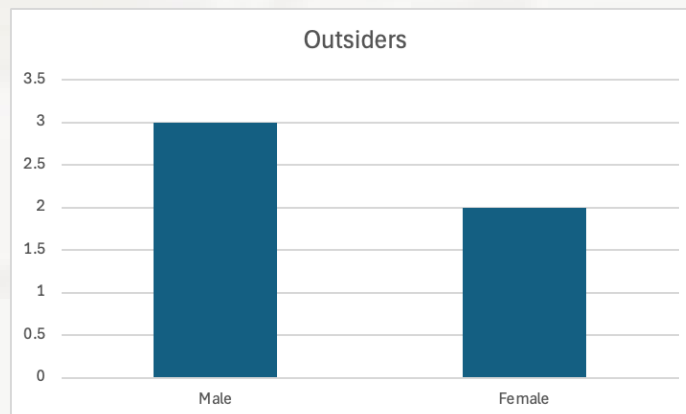

Students' Demographic Data

Kay Phoe Du Learning Center

Outsiders

Initially, 34 participants were registered to join the ECC-2; 16 from Career Bridge learning center, 13 from Kay Phoe Du Learning Center and 5 outsiders . However, due to the internet issues, 4 participants were not able to join which resulted in 30 participants could join during the first session of the club.

"Speak, Connect, Grow"

Satisfaction with Participants' Performance

During the program of the English Conversation Club (ECC-2), the overall participants' performance was good and impressive. All participants tried their best to communicate and share their thoughts as much as they could. Even though some of them struggled at first, their improvement in speaking and having conversations in English can be observed throughout the program. Most of the students participated actively in answering the speaker's questions as well as having conversations with their peers. Their performance showed their willingness and enthusiasm to learn English. Throughout the program, we observed their improvements in communication, vocabulary and English-speaking skills. Overall, the participants' performance was impressive, and we feel proud of their hard work and dedication.

Progress of Participants throughout the Sessions

Throughout the program of the English Conversation Club, the participants have shown impressive improvement in their English skills. Week after week, the participants felt at ease speaking in English and holding a conversation with their peers. Since they felt more comfortable, they were more active in sharing their thoughts than before. As a result, their communication level and English-speaking level were improved. Moreover, there was progress in their confidence and vocabulary level as well. Initially, there were 30 participants, but due to the current situation in Myanmar and the electricity outage, some of the participants could not join the club till the last day. Hence, 16 participants in total were presented with certificates for their huge effort and commitment. Their dedication not only helps them improve but also leads the club to success.
